Bitesize Policy Updates
Sponsorship Opportunity

Schools North East is a movement for change giving a voice to North East schools in the national debate. We regularly send out communications to our 520 Partner Schools including 34 Partner MATs across the North. As part of this we deliver **Bitesize Policy** updates to the leaders of these schools. We look at the latest data, reports and policy updates and what these mean for Schools in the North East.

This is your opportunity to sponsor these communications giving your company exposure to over 520 Head Teachers throughout the year. As the sponsor, your organisation will be recognised as supporting this and you will have your logo on every mailer template, reaching leaders in those 520 schools. The logo can also contain a link to your website or email address. Your logo will also appear on social media posts around these updates to our Twitter audience of almost 7,000 followers alongside Facebook and LinkedIn, giving you wider coverage across North East schools and beyond.

You can see an example mailer below.

About Schools North East

Schools North East is the first, and only, regional schools-led network in the UK. We represent the views of all 1,150 schools in the North East. Our Board of Head Teachers is elected by their peers to represent the North East's Primary, Secondary, Special, and Independent sectors.

As well as our Board of Head Teachers, Schools North East is also steered by a 'Council' of School Business Managers drawn from every area, phase and type of school in the North East.

Schools North East has extensive experience organising large-scale conferences and exhibitions. Our annual Summit attracts over 500+ school leaders and is the must-attend education event in the North East. Our annual School Business Management Conference attracts over 300 delegates and is the biggest event of its kind in the country.

BITESIZE BRIEFING

As a Partner School, we want to provide you with information, understanding and insights into the sector.

That's why we started 'Bitesize Briefings' - a one page report to keep you up to date on relevant reports when they are released. These documents are only available to our Partner Schools and aim to give you the information you need, and how it is relevant to the North East in a easy to read and concise format.

Feel free to share with staff or colleagues in your school.

This briefing looks at the **Teacher Wellbeing Index 2019**
