The Challenges of working with Challenging Learners!

- Budget
- Expectations and pressures from elsewhere
- Polarising of views
- Lots of ways to do it 'right'
- The learners!

- Find an approach that the SLT can believe in. Then test it; thoroughly, relentlessly and rigorously, until it has stood up to this level of scrutiny
- Harness your staff. Let them test it too, let them find the way forward, identify pitfalls, agree the non-negotiables and close the loopholes!
- Move forward; no pushing, no pulling; together

The Mantras (Stolen)

- **Analyse don't Personalise**
- **Fight Fire with Water**
- **The Problem is the Problem, Not the Child**

The Truth about managing challenging learners

- Relationships
- Teaching is a performance
- The performance sells you as a High Status Person

How?

- **Awareness of Self**
- **Awareness of the Individual**
- **Awareness of Others**
- **Awareness of the Environment**
