Governing boards are key to the effectiveness of schools and of fundamental importance in helping to drive up standards. With the education landscape still undergoing significant transformation and changes to school structures, assessment, curriculum and statutory testing, it is now more important than ever for school governors, Directors, and Trustees to be up to date with the latest developments in education, policies and procedures.

About the Event

Now in its third year the Northern Governance conference will support those in school governance roles – state-maintained and academy – in carrying out their duties confidently and effectively. This event is also aimed at senior leaders who want to make sure they have a high performing governing board and those looking to recruit new governors.

The event will provide you with exclusive access to an audience of Governors and senior leaders from schools across the North East.
